Vacation Class Refund Policy

**REFUND/CANCELLATION POLICY:** Our policy is meant to protect TSI from committing our calendars to a week in a vacation location, buying air fare and depositing hotel funds for an instructor and an assistant and then having too few people to hold the class due to a cancellation.

65 or more days before your class start date	100% refund (or transfer to another class) minus your nonrefundable deposit.
From 64 to 45 days before your class start date	You may receive a 50% refund or transfer (of 50% credit) to another class for fees paid above the non-refundable deposit <i>if a sixth person in class replaces you</i> . This means that if the class is not large enough to fly after you've cancelled, you will forfeit your payments.
From 44 to 31 days from the class start date	No refunds or transfers except lodging (according to hotel policy) unless a 6th person in class replaces you.
30 days from class start date	No refunds or transfers for any reason as of 30 days from class start date.

***We recommend that you purchase trip insurance if there's any chance you won't be able to attend.***
